Please prepare your abstract as PDF-file (**max. 1 page and 1 MB file size using the Template**).

The abstract should explicitly mention objectives, results and conclusions and/or significance of the work. Accepted abstracts will be published for all conference participants as conference proceedings (PDF-files).

The **selection of the contributions** will be based on the review of the abstracts by the International Scientific Committee.

And please note that several **prizes will be awarded** for the best poster and oral presentation of early-career researchers (EFC Poster Prize, Nuclear Corrosion Poster Prize).

Three presentation options can be selected during abstract submission:

- **Lecture (20 min):** Regular oral presentation (15 min talk plus 5 min for Q&A).
- **Poster:** "Classical" poster presentation.
- **Short Lecture (5 min):** Short oral presentation (3 min talk with a maximum of 4 slides incl. title slide plus 2 min for Q&A).

Important: The conference registration fee cannot be waived for authors!
